

Registration directions – and Grade Based Groupings explanation

This year all town and travel soccer programs are adapting to the new Mass Youth Soccer rules regarding the new Grade Based Groupings. In many cases this will **not** present a change for your child on registration as the goal is to keep our Recreation and MTOC travel players focused on playing with their Grade age. Full details can be found at the [Mass Youth Soccer website](#). The chart below describes the two evaluations needing to be made now when registering a player and matching them up with their Grade Based League. Players need to be placed based considering both -

- The school grade they will be attending for the Fall of the coming year – this means September 2016 Grade
- The Date of birth being on or after a certain date per grouping – see the chart below.

This has also given us new Grade based grouping league names – lets take a player who in September 2016 will attend Grade 4 in school and has a date of birth of 3/5/2007. If you follow the chart below for this player we see that this child matches with the fourth line in the chart (going into 4th grade for September 2016 **and** born on or after 1/1/2006. Meeting both requirements in the chart provides the correct choice. This player should now register for what we used to know as U-10 is now referred to as Grade 4. For this child - this is the Grade you should choose when registering.

To make registration work in SportsPilot your Date of birth will be used like always – with accomodation to cover these additional new Grade Based Groupings. If your child's Date of birth falls into an **overlap** date range you will be presented with two Grade offerings to choose from –

Choose the correct group by picking the school GRADE which your child is going into for September 2016.

In our example above this player would be shown both Grade 3 and Grade 4 offerings – but chooses Grade 4 as that is the grade in school he/she will be attending next fall – September 2016. Both match - school is Grade 4 **and** DOB 3/5/2007 is after 1/1/2006. If this is still confusing or is not lining up you might need help - please email registrar@marshfieldsoccer.com or call Registrar Bruce Roberts 617-799-2876. E-mail is preferred.

You register like normal on a desktop or laptop using this SportsPilot link - [Pay On-line \(Sportspilot\)](#)

The child in the example above would be presented these two choices to register – but because he/she is attending Grade 4 – chooses the league name that matches that – again this is when you are presented two offerings.

Some children’s DOB will normally only present you with one Grade based grouping to choose – and that should match.

> This year the evaluation of players for eligibility to a particular league is being based both on Date of Birth and on Grade attending in the Fall of 2016. Certain children will have a Date of Birth that presents you more than one Grade Based league - if this happens to you please choose the league with the grade which matches your child's school grade for this September 2016 school year. This then is choosing both on Date of Birth and on Grade attending in the fall.
