

Marshfield United  
 JUNIOR ACADEMY  
 FALL 2017

Marshfield United will be offering a Junior Academy this fall on Friday evenings for our youngest players looking for additional soccer training and playing experience that regular town soccer can't provide.

Players will train weekly and participate in a Columbus Day Tournament. They will learn in a fun environment with age appropriate activities and games.

Marshfield United is a club soccer program sponsored and run by Marshfield Youth Soccer that offers players the opportunity to train with professional coaches and compete against some of the best teams in Massachusetts. The Marshfield United teams compete in the Northeast Soccer League as well as some very high level tournaments through out the soccer year.

The cost for the program is \$95.00. The registration includes training t-shirt, professional training and tournament fee.
